MEMORANDUM FOR : Project Director of Administration

SUBJECT : Increase [redacted] T/O 1 Slot

25X1

1. Mr. Bissell has approved increasing the T/O for [redacted] to include a slot for an auto pilot repairman, to be occupied by a civilian.

25X1

2. It is requested that you take appropriate action to show this authorization on the T/O and also take action to get an appropriately trained civilian auto pilot repairman for the job.

3. As I understand it, Detachment A has a Lear representative to service the auto pilots within that Detachment. From my discussion with [redacted] Lockheed supervisor at Watertown, Lockheed does not have any appropriately trained personnel to go into the detailed adjustment and repair of this equipment and accordingly he recommended that we get a Lear employee who is familiar with repair of this equipment for the job.
